CINCINNATI, Aug. 17.—The Cincinnatis took another game from the Philadelphias after an eleventual stream of the cincinnatis struggle, which was marked by fast fielding, hard but scattered hitting, and lastly an assault behalf but scattered hitting, and lastly an assault behalf by Pitcher Phillips of the Cincinnatis upon Thomas of the visitors. The fisticuffs happened in the eighth inding. Thomas was the first man up and, as is well known, his forte is foulling off balls. Three times he fouled off good balls and Phillips protested. The last foul brought a new ball into play and Phillips walked up to the plate. Thomas said something to him. At any rate big Bill was angered and he drew back and hit Thomas in the face with a strong right. Thomas was staggered by the blow and Phillips would have followed up the attack had Umpire Emsile not interfered.

ST. LOUIS. Aug. 17.—The Beaneaters were defeated by the Cardinals to day by the score of 7 to 3. Willis twirled for Boston, and while he was only hit successfully eight times, was very wild. Clarke's throwing to second was very poor, the Cardinals stealing every time an attempt was made. Hamfliton's fielding at centre and Powell's superb pitching, the Boston's only getting five hits, were the features. The score:

Canada Wants to Play Our Team-First Date

Booked for Taylor. It was announced yesterday that J. H. Taylor's first match in this country, as now arranged, would be on Friday, Aug. 24, at the Deal Golf Club. He will then play the best ball, thirty-six holes, of the professionals, R. B. Wilson of Deal and Willie Norton of Seabright. The proposition is a very bold undertaking for Taylor, as both of his opponents are men of more than ordinary skill, who know the course like a book. It will be a match well worth watch-

Things are getting to a crucial state in the Things are getting to a crucial state in the North Jersey Shore League. The fight for the team championship, now held by Deal, seems to have narrowed down to a race between Seabright, Deal and Hollywood. To-day the meeting between Hollywood and Deal comes off at Deal. To comply with the conditions of the League matches each team must play six men on a side, but they may put in as many as they please by mutual agreement. It is likely that twenty, at least, will be on each side. Which side will win is the question of the moment along the coast from Spring Lake to Seabright. There are bets depending on the result, too, from boxes of candies and gloves to real wagers where money counts.

The Royal Canadian Golf Association has notified the United States Golf Association that it has selected Saturday, Sept. I, as the time for the third renewal of the international team match. The links chosen is that of the Quebec Golf Club. The conditions call for teams of ten, selected from the golfers of the two countries. In the first match, played at Toronto in 1898, the American team won by 27 to 7, and last year, at Morris County, the home team won by 93 to 0. The date selected clashes with the final day at the women's championship and also with the Newport open tournament. It is likely, therefore, that the United States Golf Association will demur to the date selected.

Some others played but did not return cards. The bogey figure for the course is 46. Miss Hecker, Metropolitan champion, equalled this going out but fell behind some coming in taking 50. She practises frequently on the Wee Burn links, giving her attention principally to certain points in which she was a trifle weak in the M. S. A tournament, such as putting. She will leave for the Shinnecock links next Wednesday afternoon.

JEFFERSON, Aug. 17.—The semi-finals in the women's tournament have been closely contested and the battle among the leaders in the first class was the sportlest match this season. Miss Dallet, St. Davids Golf, met Mrs. Andrew B. Cobil, Newton Golf, and by her failure to run down a 3-foot put on the home green lost the match and a place in the finals. In the same class Miss Cobb, a daughter of the above winner, beat Miss C. Post, Jersey City Golf, 3 up and 2 to play, and mother and daughter will contest in the final. In the Jefferson cup class, Mrs. James C. Church, Knickerbooker Field, beat Mrs. Theodore H. Banks, Seabright Golf, 1 up, and Miss Lesslie May, Lakewood Golf, beat Miss Stoddard, Waumbek, 1 up, over eleven holes. The consolation finals gave the prize to Miss S. A. YOUNG BOXER IN THE HOSPITAL. George Kelly, an Amateur Featherweight

Knocked Unconscious at the Greenwood. George Kelly, 18 years old, of 1251/2 Twenty eighth street, Brooklyn, is lying in the Seney Hospital in a dangerous condition as the re-sult of a knock-out blow received at the Greenwood A. C. on Thursday night, in a 10-round bout with Michel Myers, also 18 years old, of 190 John street. It was a "try-out" night at the club and the closing set-to of the night was between Kelly and Myers, each of whom weighed about 115 pounds and seemed in good condition. The youngsters were well matched, but Kelly seemed to have done the most effective work until about the middle of the ninth round when he carelessiv lowered his guard and received a fierce blow on the jaw, which felled him to the floor. He struck heavily on the back of his head and was unconscious when picked up and carried to his corner by his seconds.

On his removal to the dressing room he still remained unconscious, and there being no physician around a hurrled message was sent to the Seney Hospital and Ambulance Surgeon Bill responded. He succeeded in partially reviving the injured boy and removed him in the ambulance to the hospital. Although badly hurt the doctors think that he will recover. Whether the injuries were caused by the blow or the fall on the floor the doctors could not determine.

The policemen at the club arrested Myers, Edward Dougherty, the referee, and kine others as aiders and abettors of the fight. We prisoners were arraigned yesterday morning before Magistrate Bristow in the Butler streyt court. Bannockburn scared all but Alsike and Einus out of the fourth race and he was a red-hot-favorite. The trio raced heads apart to the stretch. BRADY MAKES A SUGGESTION. Let Fits or Sharkey Post a Forfelt and

Jeffries Will Cover It. There is a possibility that Champion Jim Jeffries may yet entertain a challenge from Bob Fitzsimmons, provided the Cornishman agrees to go about it in the proper way. Billy Brady says that it is customary for pugilists when issuing a defl to post a certain amount of money. This he declares Fitz has not done

"Let Fitzsimmons put up a reasonable retainer," said Brady yesterday, "and we will show how anxious we are to fight. The idea of Fitzsimmons demanding the championship s all bosh. Jeffries gave him every chance in the world to meet him, but he declined until the last moment. The public will not take him seriously until he beats Jeffries. The boilermaker is the champion by right of conquest, and he won it by hard, conscientious work. Suppose Jeffries should agree to meet Fitzsimmons on Aug. 31, if Bob is fortunate in whipping Sharkey. What compensation would be receive, after training zealously, if Fitz made up his mind after Aug. 24 to give Jeff the coid shoulder? Fitz would have nothing to lose, because he has no money up, while the champion will be out both time and cash. Then very few persons take into consideration that Aug. 31 falls on a Saturday and is the day following the Corbett-McCoy mill. The attendance would naturally not be so good as it would if the affair took place at a later date. So you see Jeffries would be at a disadvantage.

But to convince the public that Jeffries is eager to fight I will suggest that Fitzsimmons, or even Sharkey post \$5.000 in good Uncle Sam's collateral at once, with the understanding that this money should revert to Jeffries in case Fitz or Sharkey are unable to fight on Aug. 31. While this amount would not be enough to pay Jeffries for his trouble it would be satisfaction, and would prove conclusively who does and who does not want to fight. Fitz made up his mind after Aug. 24 to give

The Date of the Fitz-Sharkey Battle Has Been Changed.

Alec Brown, matchmaker of the Sea Side Sporting Club, and Tom O'Rourke, manager of Tom Sharkey, met yesterday afternoon and changed the date of the battle between Bob Fitz-immons and Tom Sharkey from Aug. 24 to Fitzsimmons and Tom Sharkey from Aug. 24 to Aug. 25. The latter date, which was originally selected, falls on a Saturday. The Futurity will be run at Sheepshead Bay on that day and the management in its desire to cater to the patrons of the turf decided upon the change. Both puglists are seemingly satisfied with the shift as it will give them extra time in which to get into condition.

ANDY WEICH ENTHUSIASTIC OVER THE RESULTS OF THE CAMPAIGN.

Says the 2:08 Trot at Cleveland, Which Cres ceus Won, Was the Greatest Race of All -- Big Year for Stallions-Barney Demarest Getting Ready for a New Start-Gossip. "Attendance and interest in trotting this year greater than ever before," said Andy Welch, the well-known bookmaker, yesterday morning. He had just arrived from Glens Falls and Saratoga, where he has been looking over both the trotters and runners.

"It has been the best racing and best betting season I ever saw," Welch continued, and that speaks volumes for the general prosperity of the country. It would be pretty hard for me to designate the best race I have seen this year. At all the meetings I have attended there has been good racing. Pinned right down to one particular event, however, I should say that the 2:08 trot at Cleveland was about the warmest battle I have seen. It was the first start of the year for Cresceus. In it were John Nolan, 2:08; Charley Herr, 2:10; Grattan Boy, 2:08, and Kingmond, 2:09. John Nolan had been reported as going so good that a big crowd of the speculators thought he had no chance to lose and in the auctions the morning before the race, he sold for \$200 to \$60 for Cresceus, \$10 for Charley Herr and \$15 for Grattan Boy, Tommy Britton and Kingmond in the field. Just before the race was called Nolan sold for even money against the field.

"It was in the first heat that Nolan gave one of the finest exhibitions of trotting that it has ever been my good fortune to see. When they got the word, Britton and Grattan Boy went away in front, while Cresceus was in third place and Nolap last. The latter went to a break after passing the half and Foote had to pull him to a standstill before he would hit a trot again. That left him more than a distance out, but he fairly flew afterward, his flight of speed from the three-quarter pole to the distance flag being wonderful. It was good betting when he struck his gait that it would be impossible for him to save being distanced, but he got inside the flag all right. It was certainly a grand performance, and to my mind one of the big features of the race. Cresceus, in the meantime, went after the leaders. Tommy Britton at the three-quarter pole could no longer stand the pace put up by Grattan Boy and dropped back. Then the great battle between Grattan and Cresceus began. The drivers flourished their whips freely and the race belonged to either until they were nearly to the wire, when Cresceus showed his head and shoulders in

In the second heat there was one of the finest exhibitions of speed I have ever witnessed. Ketchem took Cresceus in hand at the start and, with Britton lapped on him, went to the quarter in 30½ seconds. Nearing the half Cresceus drew away from Britton and was three lengths in front of him at the three-quarters. Nolan was at least five lengths behind Cresceus when Foote began to drive and it was a horse race, sure enough. He cut down the stallion's lead to a length, but Cresceus kept up his clip and finished the last quarter in 32 seconds, while Foote pulled up inside the distance. "Cresceus's great three heats at Columbus was, of course, a more remarkable performance; but as a contest I liked the Cleveland race. So far this seems to be the year for stallions. I don't believe there ever was such corking good ones. When was there ever a quartet that could beat Cresceus, Grattan, Boy Dare Devil and Charley Herr? And look at Arion, 207%. They say he is equal to showing good in fast company this year. Every one of them is so fast that the least mistake on the part of either would lose the race. "Because of the horses going so fast the nomi-"In the second heat there was one of the finest

close next Monday, are being watched with the keenest interest. More curlosity is manifested, and more inquiries are made asking what horses are likely to enter than ever before in the history of that stake. This is because it is an open thing. No horse you can name that is eligible to start in the event has anywhere near a cluch on winning it. Last year it was different. Everybody thought Lord Vincent would win. In the minds of most of the posted horsemen there was nothing that could beat him. It is very different this year, I can tell you. I believe it will be one of the greatest guessing races of the year." believe it will be one of the greatest guessing races of the year."

James A. Murphy, former owner of Star Pointer, 1:59%, has been spending several days at Saratoga. He is driving a natty team made up of the brown gelding Fred B., 2:10%, by Reveille—Gyp, by Black Squirrel. He took his record in a race at Indianapolis in September, 1807, and was a fairly good race horse He is looking great, goes without checks and travels fast. The other side of the team is the fast Chicago snow horse. Mohican, 2:18%, also a brown gelding and a good match for Fred B. He is said to be by Henry Clay. In June, 1806, he trotted to his record in a race at Omaha.

1896, he trotted to his record in a race at Omaha. Mr. Murphy looks upon him as one of the best road horses in the country and believes he is able to beat anything on the snow. The pair and two pacers that are Chicago champions, will be shipped to Dave McClary at the Charter Oak Park track next week, and the man who trained and drove Star Pointer to the world's fastest record will get them into shape for the fall driving, when Mr. Murphy will bring them to New York and join the brushing brigade on the Speedway.

fastest record will get them into shape for the fall driving, when Mr. Murphy wil' bring them to New York and join the brushing brigade on the Speedway.

When McClary priced the young pacer, Maury Pointer, a full brother to Star Pointer, 1591, to N. W. Hubinger for \$10,000 the other day at Charter Oak Park track, Mr. Hubinger naturally wanted the price shaded somewhat. Mo-Clary said he would not take \$9,909 for him.

"But I'll tell you what I will do," he further said. "If I don't show you a mile right now on this track in 2,00 or better, I will let you have him at your price, if you will give me \$1,000 more than my price in case I do it."

Mr. Hubinger figured on the chances for a moment and then concluded to take the horse at \$10,000 Another notable purchase was made by Mr. Hubinger this week in the green trotter Willard, by Dexter Prince, out of Wildmay, by Electioneer; second dam, May, by Wildidle. He was foaled at the Palo Alto farm in 1896. Willard was in the California consignment to the Madison Square Garden sale last November and was bought by M. B. Smith of Hartford for \$270. He was placed in the hands of McClary at Charter Oak track, who worke him about six weeks and said he was one of the fastest green trotters in the world. He recently showed a mile in 2:19, the last quarter in 313, seconds, and is said to be going faster now. The moment Mr. Smith priced the colt to Mr. Hubinger for \$2.500, the latter said; "I'll take him," and that settled it. He would have been willing to double the sum, but Mr. Smith did not learn that until it was too late.

The ban which was placed on the well-known trainer Barney Demarest, at Readville last August, will be off next week. Barney has been quietly getting a string of good ones together at the Morristown, N. J., track, to be ready for the time when he would again be free to mount a sulky. His first appearance will be at the Syracuse meeting next week. He will take his horses from there to Hartford, and will have them at the Empire City track meeting, the followin

McLaughlin Maid Wins at Newburgh.

McLaughlin Maid Wins at Newburgh.

Newburgh, Aug. 17.—This was the last day of the midsummer meeting of the Newburgh Driving Park Association. The fun opened with the 2:18 trot and when one heat had been decided a terrible wind and rain storm came up. It flooded the track, but all records were beaten in getting it ready again, and before the racing ended at 7 o'clock to-night the track was in good condition. In the 2:18 trot the talent had a bad fail on L. L., the Maione bay gelding that was made favorite. He took the first heat. The Fishkill horse, Times Heraid, amid wild excitement won the second heat from L. L., and then the mare McLaughlin Maid from New York broke in and captured the third. In spite of this L. L.'s friends stuck to him. They were more loyal than ever when he took the fourth heat, in which he landed second to the Fishkill horse, but was placed first because of Times Heraid running. The latter was placed third. The race now was plainly for blood. The partisans of the horses were very demonstrative and when McLaughlin Maid performed the unexpected in the fifth heat by coming up the stretch with a great burst of speed and thrusting her nose ahead of the favorite pandemonium let loose. It was now 7 o'clock and too dark to finish, and the judges gave the heat and race to the Maid and declared that all buts should follow their decision. In the 2:24 pace the favorite won in straight heats. The 2:30 trot could not be reached. Summaries:

FREEPORT, Ill., Aug. 17. - Rain fell in torrents to-day and the meeting at Taylor's Park was abandoned. The horses were shipped away to-night, some going to Dubuque and others to Butte, Monte.

LAST HEATS AT GLENS PALLS. Johnny Agan Picked to Win Fast Pace, but

Beaten by Harry O. GLENS FALLS, Aug. 17 .- The Grand Circuit races closed to-day after the most successful meeting, considered from the point of the spectator, ever held on the track. Of the welve events scheduled only one was decided in straight heats, and only two out-and-out favorites were winners. The track was fairly good to-day, although a little slow, the result of Wednesday night's rain. In the opening event, the unfinished 2:14 trot, Nell Gwynne was not headed in the decisive heat and she

got a new record. In the 2:19 pace Annie Thornton was a 3 to favorite. The first heat she lost in front of the wire to Tom Calhoun, both finishing under the whip. Then she went on and took the next three, not being headed. Joe Watts and Mr. Middlemay were the choice of the 2:28 trotters, with the odds slightly in favor of the latter, notwithstanding Watts became the favorite after the first heat had been taken by Middlemay, on account of the speed shown by him in coming up to second place from a bad break

may, on account of the speed shown by him in coming up to second place from a bad break made on the last turn. The next three heats justified this confidence of his backers in him. In the third heat Middlennay led to the grand stand, where Watts responded to the grand stand, where Watts responded to the call and shot ahead like an arrowr.

Winola was the choice among the 2:14 pacers, selling at \$100, Sidney Pointer \$40, and Oscar L. \$10, the field a small price. Some of the best racing of the meeting was seen here. The favorite won the first two heats. In the third Pointer led off, with Oscar L. tight to his wheel. They maintained this relative position to the stretch, when both spread themselves for a drive to the finish, where Oscar won by an eyelash. The last quarter was covered in 30% seconds, Oscar getting a record of 2:08%. The other heats were then taken by Oscar, with a hot brush with Pointer and then with Winola, who had laid up and then made a hard try for first money.

The talent picked Johnny Agan as the best of the 2:10 pacers, with Island Wilkes, Jr., as a good second. Agan set the pace for the first heat, but Island Wilkes beat him out, Miller giving a whipping finish. Pickles sat back, touched Wilkes twice with the rod and he shot under the wire a winner. In the second heat Wilkes broke and Agan won without a fight. Agan quit in the third at the stretch and Harry O. drove Wilkes to a break in front of the wire. Lottle Smartled in the third heat to the stretch and then gave up to Harry O. The fourth heat was a pretty contest, with Wilkes making the headed. Summaries:

Suspicious Look to a Pacing Race at Cleveland.

cleveland. Aug. 17.—It took only two more heats to wind up the unfinished 2:10 pace at the Valley track this afternoon. In the opening betting yesterday Daisy Elder was a hot favorite and ruled the same in the pools to-day. After the third heat the judges were not sattened with the way Heidrick drove the mare, and Hilly Myers was substituted. He was unable to stem the tide, and many hundreds of dollars were burnt up on her. The race had a suspicious look, and the judges did not give their decision until after quite a debate with the drivers. Summaries:

NEWTON WINS AT HARVEY GAMES. The Marathon Runner Defeats & Good Field in the One-and-a-Half-Mile Run.

Righ class athletes as competitors made the games of the Charles J. Harvey Association, held at Sulzer's Park, 128th street and Second avenue, yesterday, far above the average of the picnic variety. A. L. Newton, who represented America in

the Marathon race, made his first appearance on the track since his return. He was in rare form, and running from virtual scretch in the one-and-a-half-mile handicap, cantered through the field and assumed the lead at the mile. McKenzie, who had followed Newton through the ruck, was unable to hold the Marethon crack in the last half mile, and the New York A. C. man won by nearly a hundred yards.

The final of the 75-yard dash produced a great race between the old rivals, A. H. Kent of the Pastime A. C. and P. J. Walsh of the

Half-Raters and 30-Footers Race at Newport NEWPORT, Aug. 17 .- It was race day at Newport, not only the 70-footers racing, but halfraters in the morning and 30-footers in the afternoon. The race between the half-raters was for a cup offered by Miss Grosvenor and it was won by the Breeze. There were three starters and they sailed over a triangular course in a light southwest wind. The Breeze led al-

most from the start. The 30-footers raced over the Dyers Island course, making it a run out and a beat back. While up the bay they were struck by the squall that swept over the bay this afternoon, but none was injured and they continued the race as if nothing had happened, the Asahi winning. The summary: HALF-RATERS.

30-FOOTERS.
